D/LUX | LUXURY DEMATERIALIZED

COMFORTABLE CONCRETE

Embrace the raw, urban vibe of the concrete jungle. The look of the Comfortable Concrete Collection is made possible by our proprietary PrintWorks™ technology. Choose neutrals from light to dark. Add pops of color — from mossy greens to watery blues. Arrange tiles to define spaces and wayfinding. Comfortable Concrete offers the flexibility to create energetic spaces with a cohesive look throughout — a solid foundation for your interior design.

THE D/LUX SERIES

LUXURY DEMATERIALIZED

Comfortable Concrete is part of the new D/LUX series of carpets. Our innovative design process uses less raw material to deliver the same texture and aesthetics, while reducing embodied carbon. In fact, all of our carpet, LVT and entryway tiles are carbon neutral everywhere in the world. We invite you to learn more about our M/PACT™ carbon neutral program and how you can specify carbon neutral products for your design projects. Together, we can make a positive M/PACT™ on the world for future generations.

THE CONCEPT OF SIDEWALKS AND PATIOS, PATHWAYS AND PLACEMAKING

Urban Sketch in Sandy Bone and Urban Vista in Parkway Green.

Comfortable Concrete is versatile. The variations in pattern and color make it easy to define spaces within spaces as well as to guide people through your interiors with hard lines or gradual transitions.

PRINTWORKS™

Our patented PrintWorks™ technology uses fluid dyes to achieve effects and colors that are just not possible through pre-colored yarn. We can print 120 million computer-guided placements per second. With an edge-to-edge dye process that's precise within a fraction of an inch, the Comfortable Concrete Collection offers unlimited possibilities.
