APSLEY HOUSE

Milliken™

INSPIRED. INSPIRING.

Influenced by the work of Robert Adam, Apsley House explores the sense of unity and movement achieved by neoclassic architecture when viewed through the lens of modern living. With a mixture of the airy and elegant, mighty and delicate, design details are achieved that add merit and beauty to the floor.

Repeating Layers

Repeating pattern, creates depth in designs, transparent background.

Colorway

The Apsley House collection has twelve colors from over 1360 options in our Pure Color system. For short-lead time projects, our MAXX Color provides another quick custom color solution.

How To Use étage

Get more at etage.milliken.com

1

Select a design as shown in this brochure, or use étage technology to customize.

Add and subtract design layers and motifs to create your own look. Remember that you must always use at least two layers, one of which must be the background.

2

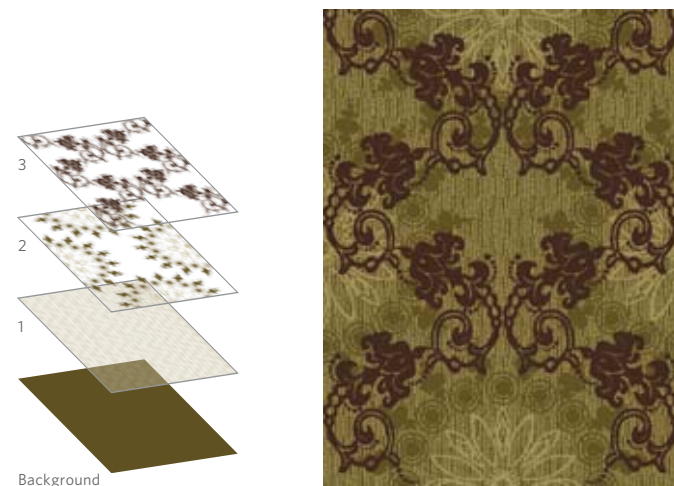

Designs in this brochure use a set of colors intended for this particular collection.

Specific colors used in each design are indicated below each pattern image as a swatch of the color with a number inside it. Refer to the colorway diagram on page 3 to find a corresponding color code. These colors are part of the Milliken Pure Color system.

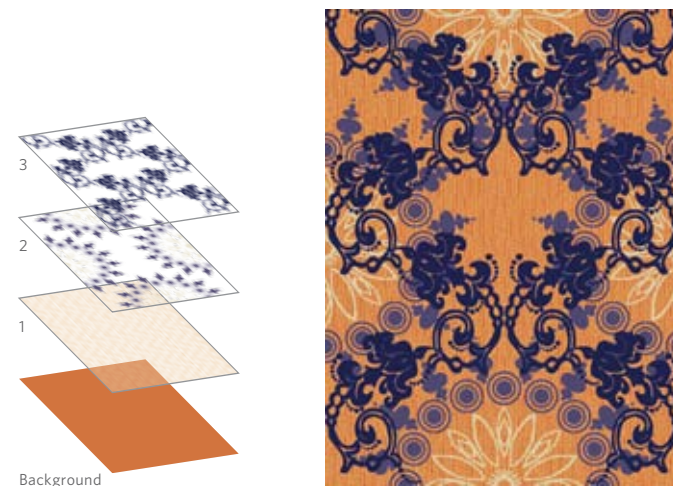

3

Choose a carpet construction that suits your installation.

Contact your Milliken representative to discuss the carpet construction that's best for you.

Designs shown in the brochure are ready to use, but you can also select them as a starting point for customization using étage technology.

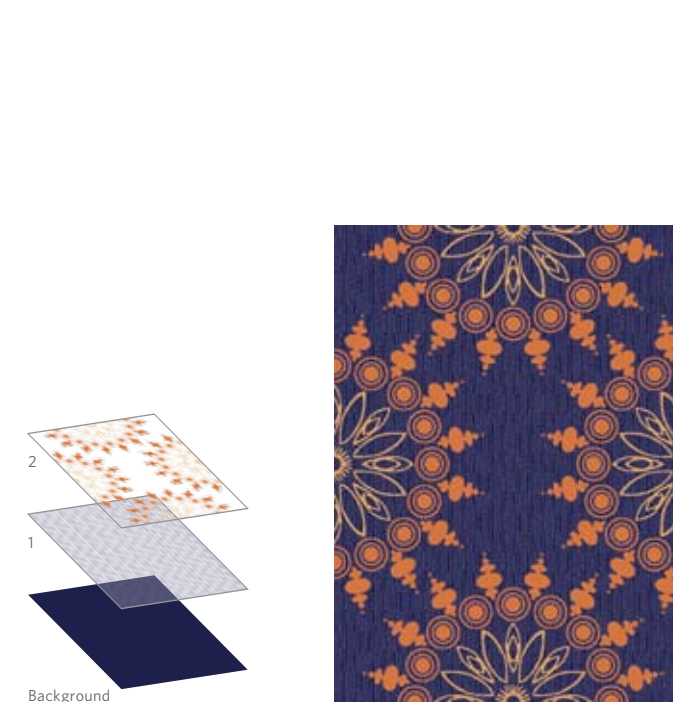

No change is too great or too small (like simply choosing a different background color from a pre-designed rug/runner).

When it's time to break away from traditional hospitality looks, engage in étage technology.

This all-new process builds a complex pattern, layer by layer. Creating a fully custom look is as simple as choosing and combining layers — layers of organic design elements that defy traditional ideas of symmetry, boxes and borders. Étage technology brings a kind of freedom of design never before known in the hospitality industry.

Each collection includes small-, medium- and large-scale elements for ultimate flexibility in defining rugs, runners and open areas. Combine broadloom and modular and get the best of both. Freedom. Control. It's all here, waiting for an artist's touch. Exclusively from Milliken.

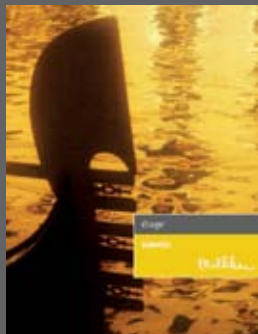

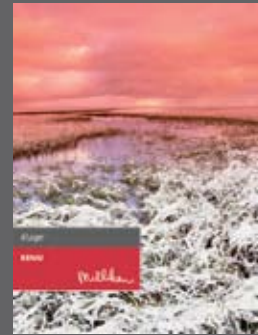

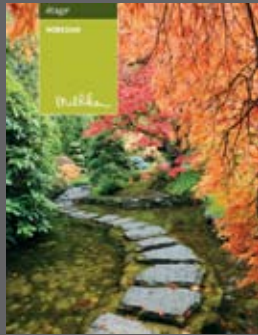

Layers can be added, subtracted, re-ordered, rotated, re-sized and re-colored in any combination to suit your needs.

Best of all, repeating layers and motifs from all étage collections can be used together to create a myriad of designs.
