RIPPLE

The Ripple Collection draws inspiration from the brackish estuary where fluvial freshwater and ocean tidal forces meet. This percussion of tidal crescendos - saltwater intrusion merging with freshwater aquifers and surface ripples - creates a sophisticated natural milieu design, when viewed from an aerial perspective.

Layered textural elements are created through natural light reflecting off the water's surface, enhancing the feature by the reflective essence of the design. While the underwater motion of the swirl stimulates the soft movement of the ocean bed, formulating increments and the "Ripple" effect.

The Ripple Collection embodies a natural inspired colour palette, composed of tonal shades of charcoals, earthy resonance and water blues, with a faint scattering of white light, bringing depth and calmness.

EXPLORE VIRTUAL PRODUCT SAMPLE

Our Virtual Product Sample is the latest solution-based and innovative tool which encompasses virtual attributes to visualize our products in insitu layouts and view our individual carpet tiles to its truest form, without the physical product on hand.

Easy to navigate and intuitive, immerse in our 360 degrees room scenes for realistic presentations of the product in an interior environment. We have taken out the thinking for you. Be creative in your product decision-making process, at the comfortable of your own space.

Milliken-Ontera supports the Property Industry Foundation

Milliken-Ontera is a proud National Corporate Donor of the Property Industry Foundation (PIF) and have actively engaged in fundraising initiatives and volunteer programs to help build homes for homeless youths in Australia.

The Ripple collection is part of the **“purpose-orientated”** pathway initiative in pro-actively raising funds for homeless youth. A percentage of revenue of every specification of Ripple will be donated to PIF.

The Foundation’s mission is to make a tangible difference to the serious and persistent problem of youth homelessness by partnering with respected charities to build safe environments and support charity managed initiatives focused on education, employment and wellbeing.

Experience Infinite Designs

Customisation re-defined and simplified

"While innovation is at the heart of our daily activities, its power is in its purpose - high ethical standards, market leadership and products that do good for the world." Milliken

The Milliken-Ontera experience - understands the changing trends, designs and products and leverages the speed and flexibility of our Millitron Dye Injection technology, to create customised designs or colour concepts that is unique to your requirements. It also provides the ability to stamp your I.D on your projects.

The Chroma Blanket Box is the perfect tool in simplifying custom colour selections and design solutions, with quick turnaround sampling and production. We have taken the guesswork out for you.

Our dedicated design team can also create floor plan layouts for designers, end-user clients and installers. Our custom design services are cost effective with low minimums for projects and short lead times.
